

Program Description

Join the Green Team!

You can be a part of something that's exciting, important, fun, and, well, green; **THE MIDTOWN GREENWAY ADOPT A GREENWAY PROGRAM!** This program provides an exciting opportunity to create community ownership and pride in our Midtown Greenway. The Midtown Greenway Coalition believes in a safe, clean, green Greenway and knows that this will only happen through the participation of groups like yours!

Who: Community groups, schools, businesses, churches, and other volunteering groups who wish to make a difference and become a vital member of the Greenway community!
Four different groups will be jointly responsible for the same area, creating the opportunity to work together on cleanups if desired.

When: Participating groups will be responsible for two cleanups a year over a two-year period. Cleanup times will be set by the adopting party and should be reported to Midtown Greenway Coalition seven days prior to the event.

Where: Adopters will be responsible for a four-block section of the Greenway, chosen by the adopter.

How will you benefit from becoming an **Adopter**?

- Your organization's contribution will be recognized in our quarterly newsletter, on our website, and on a creatively designed sign along the Greenway. You can receive effective promotion for your group while helping out your neighborhood!
- You will receive a certificate to display
- You will receive special attention at Midtown Greenway Coalition's annual meeting
- You will automatically become a member of the Midtown Greenway Coalition
- **Most importantly:** You will be actively working to make your community a better place to live and work!

What are the costs?
